It's hard to believe we are now in our 17th year of the Safety Awareness program at Waco. By my estimation, we have given out over 900 safety prizes. The reason why we give out these prizes is to recognize safe job performance, and to remind ourselves to be ever mindful of making safe choices, both at home and in the workplace. You should know that Waco's OSHA Incident Rate for the past year is less than half of the industry average. I am proud to be associated with the dedicated team of professionals at Waco, not only for your many accomplishments, but also for your positive attitude toward a safe working environment.

Dan Walker
President
