Decontamination Services for Healthier Indoor Air

BREATHE EASIER

At Waco Inc. we believe that indoor air quality should be taken seriously. We start by successfully identifying potential problems and their sources. Next, we use our abatement training and experience to remove harmful contaminants, significantly improving the quality of the air that you breathe.

Our well-trained employees have undergone Respirator Training & Selection, Fit Testing, and Medical Surveillance. Expect experienced workers from a leading company in air quality services. For smaller air ducts, we employ the patented ROTOBRUSH® duct cleaning system - an advanced cleaning method that thoroughly scrubs and vacuums ducts.

We Provide:

- Comprehensive Remediation of Harmful Air Pollutants including Asbestos, Lead, Dust, and Mold.
- Duct Cleaning Services
- Source Identification and Management

Common problem areas for contaminated air include:

- Ducts and HVAC Systems
- Basements and Crawlspace
- Attics
- Carpet and Flooring Material
- Cooling Towers
- Air Plenums
- Refrigerated Areas
- Wall and Ceiling Areas
